Dear Bruce Posner,

Nancy Goldman at Pacific Film Archives told me you were interested in my lecture on Walter Gutman. That presentation was a section of a longer article which I expect to finish off in the next month or so and try to get published. It will also appear as a chapter in a volume of the Film: The Front Line series that Arden Press is doing.

I'll send you a copy of the finished article when I have it, if you like.

Sincerely,

Chuck Kleinhans
